...The Total Solution in Motion Capture®

Aim and Topics

The congress provides a scientific knowledge-sharing platform among researchers, engineers, clinicians, physiotherapists and others. The industrial exhibition supports the interaction between industry, practice and research. Abstracts in a broad field of shoulder biomechanics and related areas are of interest. Further information will be published in due course on:

<http://www.imes.zhaw.ch/>

Registration Fees*

ISB member: CHF 350 / early bird: CHF 300

ISB student: CHF 250 / early bird: CHF 200

Surcharge for non-members: CHF 50

* incl. attendance, congress proceedings, refreshments & lunches

Travel

From airport Zurich local public transport brings you to the centre of Winterthur in just 20 minutes. The Congress takes place in short walking distance to the train station. Numerous hotels in the immediate vicinity will ensure a pleasant stay in Winterthur. For more information, see:

<http://www.winterthur-tourismus.ch/en/visitor/accommodation>

Host

The Biomechanical Engineering Group of the Institute of Mechanical Systems welcomes you at the „**Technikum Winterthur**“, the place where Albert Einstein gave his very first lecture in May 1901 (in Mathematics and Descriptive Geometry).
